Proposal

Hello!

Introduction

The Catholic Community Foundation is helping promote the fact that Ohio is now allowing people to receive a tax credit for their donations to the Angel Scholarship fund. In order to further support Catholic education, local parishes are going to want to promote this opportunity to their community members.

Shape has put together a templated video process that provides a cost effective method to help as many local parishes promote their own tax incentive scholarships. The process will include an afternoon of filming on locations with 1-2 people, helping go over their individualized message. We will then edit the video for you to use in any way that you wish.

We will have some pre-recorded b-roll that we can pull from to help share the individual messages.

Item	Details	Cost
3-4 hour video shoot	Interviews/B-Roll Equipment Staffing Editing	
	Total:	\$1,100

Thank you

We look forward to working together again! We are excited to help spread the word about this great opportunity for people to support Catholic education. We can't wait to tell this story and many more to come!
